Vehicle Title:	Clear	Drive Type:	RWD
Options:	Sunroof	Mileage:	99,999
Warranty:	Vehicle does NOT have an existing warranty	Exterior Color:	Green

You are bidding on the 1979 Ford fully customized "Dream Maker" van exclusively built, custom painted, and used in the Ke\$ha video C'MON. I was told she was the one who thought of, designed, and approved the paint job and the outside customizations. It has a good running 351 engine and automatic transmission with a fully customized furry interior that was done back in the late 70's. The interior does need to be freshened up especially on the door panels and dash cover where the sun has damaged the material. All the door handles have been shaved and it now has electric push button door releases all of which was also done in the 70's. It has an ice box, vintage cb radio, vintage radar detector, sunroof and the 8 track tape player you see in the video. It runs and drives great and as you can imagine draws ALOT of looks and attention. The tail,ears, and whiskers have been removed but will come with the van if you want them. There is a little glue residue from where the whiskers were. It may come off with some elbow grease but I will leave that up to the new owner. It is not a showcar paint job but alot of time and effort went into the detail. The picture of the drawing is what was given to the paint shop. I have put a modest reserve on this van to protect my investment. This is a one of a kind van and is sure to turn heads any time you drive it plus has a little notariety behind it.. Please feel free to ask any questions.
